RULING **FAVORS** LEAGUE

Army Organization is Doped To Have Best Success of the Season.

CITY LEAGUE WILL BE SHORT PLAYERS

DOPE is to be taken into consideration, the Army league is going to be a stronger organization than the City league this coming season. Soldiers naturally think so, but civilfans, too, are inclined to form the same opinions when conditions are given more than the once over

Recent orders issued by Gen. Heli, jr., which forbid any soldiers from playing on civilian teams and which util keep the soldier clubs in opposition to soldier teams only, unless special dispensation is granted, make up one big reason why the soldiers should have the stronger of the two lengues.

Stronger of the two lengues.

The Seventh U. S. infantry team colored the flag in the City lengue here last season with a well balanced team and a lattery in York and Gallagher that would be hard to heat in any neck of the woods. This season, the Seventh will be out for honors against the other army entries. And to date some II regiments have announced intentions of entering the lengue. With the Seventh in the Army league, the strongest team of the 1818 City league is scattered off the civilian list. Barring the soldiers also takes away the atrong players with the Feldman last year.

Present indications point toward the International Hooks as making the best hid for first place in the City icange. The Books this season are Juna Gomes and his Mexican players. And from the showing they made in an exhibition game not long ago, they are about the topnotchers of the City entrants.

The Purity this season, loses out in the constant season, loses out in the constant season.

entrants.

The Furity this season, loses out in their pitching material, so they'll have to hunt for some more good hurlers. Last season Pete Leyva and "Shorty" Weiss were stars on the mound for the Purity organization. They really kept the Purity team in the race. But both Weiss and Leyva have joined the Terreit club of the Central Texas professional leasue, which leaves the Purity gang in the rut. "Red" Brannan is their sole remaining pitching star.

Prom sa impartial standpoint, it

From an impartial standpoint, it stands to reason that the Army league will have the best success this season. The success of the City league list year was largely due to the soldier players who bolated more than one team and kept that aggregation in the running.

sing.
The Purity's were not the only ones with soldler players. The Krarkala ks dayed on an average of four and five

men. Much rivalry is expected and is due to be started soon. The Rio Grande park has been leased by the City league but the Army leaguers probably will build a park alongside of the life Grande. With military bands, the Army men will have added attractions. But with a park alongside the Rio tirande diamond, the solders will have to put dimmers on the music to keep the band stuff at home, entirely.

Charley and Jack White and Billy Wagner have been through. They've certainly rivalled the Haffield McCoy fellow whether fight fans should haugh or err. It has been a regular custom on Matt's part to challenge the feather weight king. And just as regularly Johnny. Through his wise little manager. Jumny Dunn, has laughed Matt has wept coplously. So there you are—laughs and tears furnished by two very adept mitt men, will the choice up to the people who pay the freight of the boxing game.

Matt's latest challenge calls for a context at Hof Springs, Ark, the meece suring frigid mounts for those who dan't care for Palm Beach and yet can afford either. Naybe they'll meet there—maybe on the Golden Shore. To date, however, they have not angled in the center of a regulation boxing fing.

To understand the Brock-Kilbane Situation you have to know a little about Cleveland, where the two boys whall from. The Sixth City contains a peculiar bexing feuid, which reminds old timers of the buttles the Abemonto-Casper Attells and the more or leas popular Anchovitz brothers, town.

Anderson's offense was that of using a knife in an argument at the Nushagak cannery. After his arrest he was transported across Behring sea through Unimak pass and northeast again to Valdes for trial, a distance of nearly 1506 miles by water. The testimony showed that beyond a doubt he had cut his opponent was the agaressor. Under these circumstances the jury recommended extreme clemency. "I think we have the greatest minor lengue in the country," said Hickey, "We have a well halanced circult, and many players who I believe would make good in the majors. Furthermore, each of our teams will be handled by a first class manager, and that means a lot."
